

ICSU World Data System: Trusted Data Services for Global Science

ICSTI Annual Conference 2014, Tokyo.

This presentation will give an overview of the current activities of the International Council for Science – World Data System (ICSU-WDS). In particular, it will focus on ICSU-WDS close involvement in the new Future Earth initiative and the Belmont Forum e-Infrastructure and Data Management Steering Committee. It will also highlight joint projects between ICSU-WDS and the Research Data Alliance in the context of Publishing Data, Knowledge Networks and Certification of Digital Repositories and Services.
